

Every Student Deserves a Great Tutor

Littera helps K-12 districts provide high-impact tutoring to every student who needs it. We support any student, subject, schedule or staffing model.

How Can We Help?

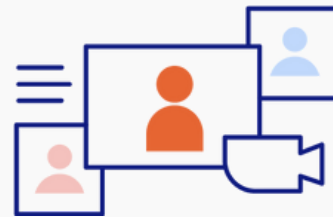

Do you have tutors on staff, but need help with scheduling, attendance tracking, and program monitoring?

Tutoring Management System

Dramatically reduces the workload of large-scale, in-person tutoring

Do your students need help in ELA and math? Littera hires and vets high-quality tutors who are trained in a variety of curricula.

High-Impact Virtual Tutoring

Reaches any student in need with individualized care and attention

What is high-impact tutoring?

Effective, or “high-impact tutoring” programs tend to involve students receiving personalized learning, multiple times each week, from a consistent tutor during the school day.

"The good and bad of virtual on-demand tutoring", Loeb, S. and Robinson, C., Brookings Institute.

On average, high-impact tutoring increases learning the equivalent of an additional 3-15 months of school.

Why offer high-impact tutoring?

A recent meta-analysis found that [high-impact tutoring] is “one of the most versatile and potentially transformative educational tools in use today.”

National Student Support Accelerator

How Littera Virtual Tutoring Works

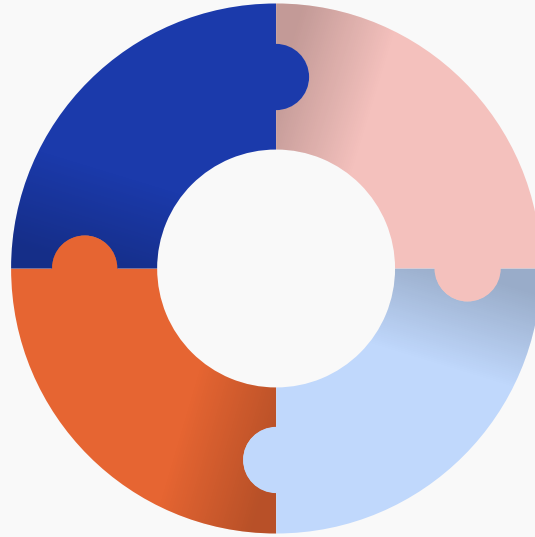

We follow a continuous improvement cycle.

Adjust

Together, we review program data and plan for next steps.

Monitor

Reporting dashboards allow you to monitor program delivery.

Design

Our District Solutions Team helps you select and group students, define goals, and schedule sessions.

Deliver

The TMS automates student: tutor matching, integrates curriculum, and provides a secure Virtual Classroom.

Flexible ELA and Math Curriculum Options

Explore [vetted curriculum](#) from our partners, or integrate your own.

ELA

Phonemic Awareness
Phonics
Fluency
Vocabulary
Comprehension
Speaking & Listening
Writing

MATH

Numbers & Operations
Fractions & Ratios
Algebra & Expressions
Measurement
Data & Statistics
Geometry

Integrate Your Own

Any LTI-compliant curriculum can be integrated into the Littera Tutoring Management System.

Tutoring Management Made Easy

The Littera Tutoring Management System (TMS) makes it easier than ever to provide large-scale tutoring to many students, either online or in person.

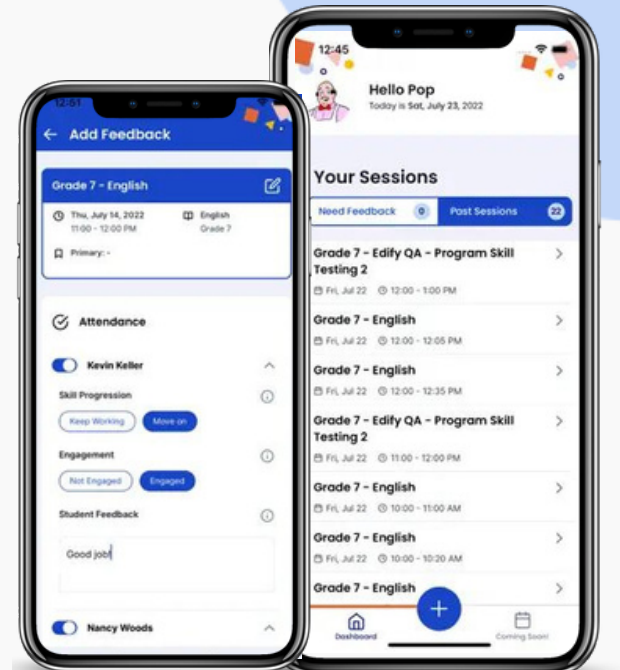

Flexible enough to work for any student, subject, schedule or staffing model—in-person or virtual

The only platform with a mobile app for in-person tutors to document progress

Data and reporting to prove that you're getting results

Tutor Rostering & Profiles

- Bulk upload tutor profiles
- Tutors customize profiles with credentials, subjects, and availability
- Match the right tutors with the right students at the right time

Large-Scale Efficiency

- Automate scheduling, student: tutor matching, student and tutor feedback, and more
- Integrate any curriculum
- Tutor via a secure, interactive virtual classroom

Data & Program Monitoring

- View session ratings and skill improvement
- Monitor tutor & student attendance
- See progress across several districts and programs at once

"Partnering with Littera is going to allow us to improve our service model and greatly expand our reach, ensuring that all students have access to support."

Amirah Vosburgh
Director of K-12 Connect

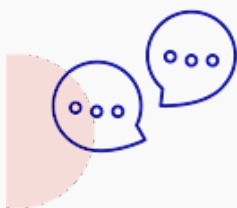

"Littera's platform and tutor app...ensure that tutoring is delivered on the right skills and in sufficient dosage to have the biggest impact for students."

John-Paul Smith
Executive Director

Why Districts Partner with Littera

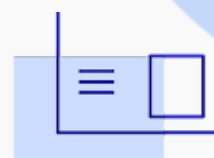

Relationships first

We pair students by audio/video with a consistent tutor so they build trust and rapport.

Customized programs

We customize to meet each school's needs: any student, subject, schedule, or staffing model.

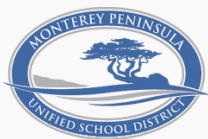

Commitment to outcomes

We follow evidence-based practices to ensure your students achieve learning goals.

Results & Outcomes

Read our success stories.

"Our sixth graders **made 200% [reading] growth**....We put them on track to be at grade level as they move on to middle school, which is exciting."

Drew Coleman
Principal

"From September to December, **56% of our students showed greater than a half a year's growth**...30% showed greater than one year's growth."

Kathy Levandoski
MTSS Coordinator

"I LOVE this program! **The engagement is 100%**. You should come watch the 2nd graders!"
Teacher

"[Student's] parents are reporting that they are seeing her try harder when she is reading with them at home. **They attribute her new motivation to her tutoring** with Littera in the afternoons."
Teacher
